

This document sets out the rules that govern the Town of Snowmass Village, Community Garden the “Garden”. These Rules are intended to help all our Gardeners grow fresh, healthy food in a thriving garden, creating a sense of community among our gardeners and to help the Garden to be a good neighbor.

The Town of Snowmass Village, Parks, Recreation and Trails Department the “Town” is the owner of the land for the Garden, sponsors the Garden and administers these Rules. Every person who has a plot in the Garden called “Gardeners” **must be a Snowmass Village resident** and sign a legal agreement with the Town in which the Gardener agrees to comply with these Rules.

The Rules are in • Maintain the safety of all participants ended o:

- Maintain property safety
- Prevent disputes
- Provide a fair method for resolving disputes to prevent them from escalating
- Prevent disturbances to neighboring property owners and residents

A. Access to the Garden	
Season	The Garden is open and accessible May 15th – November 15 , annually
Hours	Gardeners may be in the Garden between dawn and dusk.
Security and Access	The Town will give each gardener the combination or code to open the lock, if present. Gardeners are responsible for locking the gate if there are no other individuals in the Garden. Gardeners will follow any additional security guidelines that may be announced by Town.
Vehicles	The Garden at Cathy Robinson Park has limited parking Monday-Friday during the hours of 7:45-5:15; Little Red School House employees and drop off pick up. The garden was placed in an area easily accessed via walking or biking.
B. Garden Plots	
Use of own Plot	Gardeners may use only the plots assigned to them by the Town. Gardeners will maintain their plants within their plots and will trim any plants that extend into neighboring plots or into common areas. Gardeners may not alter the dimensions of their plot. Gardeners must discuss with Sponsor the use of trellises or other support devices to contain unruly crops.
Plantings	Gardeners may plant annual vegetables, fruits, and flowers. Gardeners may not grow any plants above 4 feet in height or use plant-supporting structures that impede security of the garden or impede adjacent gardeners’ access to sunlight by the nature of their height. Some perennials are permitted on the condition that you reserve your plot for a 3-year contract. Cane fruit (raspberries, blackberries, etc.) and fruit trees are not permitted. Check with Sponsor prior to planting perennials.

Supplies	Gardeners are solely responsible for the planning and management of their own plots, including providing their own seeds, plants, fertilizer, and any tools not provided by the Town or Gardeners collectively.
Organic Methods	Gardeners will garden organically. Use of pesticides, herbicides and fertilizers made from synthetic chemicals are prohibited . Round-up or any product containing 2,4-Dichlorophenoxyacetic acid will not be used in the Town of Snowmass Village. Gardeners will check with the Town before applying any fertilizers, pesticides, herbicides, or rodenticides that are labeled “organic.” Use of compost, organic mulch, and weeding is always acceptable.
Tires	Tires used as garden containers/aids are not permitted on site because they leach cadmium into the soil and plants.
Soil Amendments	Do not use horse manure in the garden. There has been a recent increase in indigestible herbicides found in the hay that many horses are fed. If affected manure is applied to the garden, the soil will be unusable for up to 7 years. Do not use hay as a mulch; it often contains many weed seeds. Make sure that you know the difference between straw and hay. Do not use wood ash in the garden. This raises the pH of the soil too much. Cured compost, unsprayed grass clippings, leaves and straw are acceptable soil amendments.
Compost	Due to Town codes and Wildlife concerns, we will not be composting at this time.
Soil Cultivation	The garden was built using layers of compost and topsoil.
Maintenance	Plots must be reasonably maintained at all times. Reasonably maintained means weeds are under control and produce is being harvested; gardens do not have to be picture perfect and absolutely weed free. Gardeners will maintain adjacent paths in a clean and neat fashion, promptly removing any weeds, overgrowth, or other waste as needed. If a plot appears untended (weeds overgrown or unharvested produce) you will receive a “weedy warning” letter. You will have 14 days from the date of the letter to clean up your plot. If it is not cleaned up after 14 days, your plot will be reassigned, and your plot fee and garden contents will be forfeited.
Trash	Gardeners are responsible for hauling and disposing of their own trash, such as weeds, boxes, trays, bags, packets, and similar items. You are welcome to use the large dumpster at the Little Red Schoolhouse.
Water	Each Gardener is responsible for watering his or her own plot using the hose provided by Town or Gardeners collectively. Gardeners will not overwater their plants; the cost of water is included in the cost of plot rental, so any excessive water usage may cause the cost of plot rental to increase the following year. Do not leave water on unattended. Timers and drip irrigation are not acceptable.
Tools	Gardeners may bring their own tools into the Garden to use in their plots, but they cannot store any tools in the Garden. Tools must be stored in the shed provided (behind the bathrooms). Gardeners are responsible for any damage caused by tools they bring into the Garden and so should use them with care. Gardeners may not use any power tools, such as those that require gasoline, batteries, or electricity.
Absence	Gardeners may not abandon their plots. Abandonment means failing to maintain a plot for 2 weeks. If a Gardener expects to be away from the Garden for more than 2 weeks, but less than 6 six weeks, he or she must inform Sponsor. The Gardener will then determine an alternative, such as a temporary substitute. Gardeners who are away for more than 6 weeks will lose their plots.

No Personal Property	Gardeners may not keep any personal property on their plots or in the Garden when they are not in the Garden. If Gardeners leave personal property on their plots after the termination of their participation in the Garden, the Town can keep and sell the abandoned property.
Communication	Gardeners shall maintain open and regular communication with the Parks, Open Space and Trails Manager and report any and all issues, concerns, conflicts, or problems. Gardeners are encouraged to share knowledge and resources through communication with other gardeners.

C. Common Areas and Responsibilities	
Common Responsibilities	Gardeners will keep clean and neat any common areas, such as pathways and storage sheds. Gardeners will promptly report any concerns about the safety of the Garden to the Town.
